## about.

---

An independent, task-driven, and flexible individual who enjoys working in a team environment. A social guy that is result-oriented, caring, and loyal. Having a high work ethic and being self-motivated are at the core of who I am. Being a Marine taught me how to multi-task in stressful situations and set mission-oriented tasks.

## experience.

---

### IRON HACK

### FULL-STACK WEB DEVELOPER

In this 8 week intensive coding course, we learned to build full-stack web applications from scratch, using the MERN stack. Multiple excercises and projects are displayed in my [GitHub link](#).

### ROYAL NETHERLANDS MARINE CORPS

### MARINE 1st CLASS

2010 - 2022

Doorn, NL

As a Marine you're expected to overcome any and all obstacles. Although individual skills are expected to be at their finest, it's all about being able to work in a team. During my years in the Corps, I've served in a few different units with their own specialties. We are trained in extreme weather/terrain conditions and deployable anywhere in the world.

Deployment: Humanitarian Aid and Disaster Relief - The Bahama's Honourable (Medical) Discharge

### JP COACHING, CROSSFIT HAARLEM

### FOUNDER (ZZP), HEAD COACH at CROSSFIT HAARLEM

2015 - 2022

Haarlem, NL

What started as a personal interest on my time-off, grew in to having my own business whilst working together with the owner of CrossFit Haarlem to improve his business and concept. My role required me to learn more about and execute in sales, marketing, train coaches and being a business owner in general.

Acquired 150+ customers.

Working at different capacities throughout 7 years.
